Career Objectives

I am a driven and engaged listener with a solid background in IT Application Development, particularly in coding and programming languages. My expertise includes fundamentals of data, user experience development, and proficiency in Python and HTML. I excel in hands-on application building and thrive in collaborative environments, showcasing strong teamwork and leadership skills. I am eager to make a significant contribution to the team and drive our success forward.

Skills

- Website Development
- Web Content Management
- Programming Essentials
- User Experience Development
- Front-end Web Development
- Proactive, Friendly, and Positive

Education

- | | |
|----------------------------|---|
| Jan 2024 – Current | Higher Nitec in IT Applications and Development
ITE College West |
| Jan 2020 – Dec 2023 | GCE 'N' Levels
Saint Andrews Secondary School |

Working Experience

Kidzania Singapore

Service Crew (part-time)

29 Nov 2024 – 29 Nov 2024

- Greet and assist customers in a friendly manner. Address inquiries and provide information on all products in store, on-going sales and promotion, and product returns and exchanges.
- Guided kids through various role-play activities, encouraging them to learn real-world skills through hands-on experiences. It improved communication, teamwork, and customer service skills in a fast-paced setting.
- A dynamic experience that allowed me to interact with children in an educational and engaging environment.
